

# HI-SPEED Checkweigher Systems CORNERSTONE Series

**Built-in emergency stop for safe operation**

## Operator Safety

Cornerstone checkweighers are designed to meet the industry standards for safety. This includes meeting all guidelines of ANSI B155.1-1194, Safety Requirements for Packaging Machinery. In addition, all Cornerstone units feature lock-out/tag-out, safety guarding, and low power control devices.

## Hi-Speed Support

At Hi-Speed, we are committed to Customer Service and Support. Our processes and equipment are the result of our determination to provide you with the best checkweighing and product handling solutions available in the industry. As a part of Mettler Toledo, the world's largest weighing company, Hi-Speed is prepared to support our products through a worldwide support network. This means localized service personnel are available to respond to any of your training or service needs.
